

VM7V9DA

Stylish design and impressive display quality. Additional geometry controls for fine image adjustment. User friendly OSD menu system with 6 pre-set factory modes and 20 user programmable modes. Plug & Play compatible, low radiation (MPRII) and low power consumption.

Compatibility	SXGA,XGA,SVGA,VGA
CRT Size & Deflection	17"
CRT curvature	Flat Square
Display Area (HxV)	16" Diagonal
Full scan capable	Yes
Phosphor and dot pitch	P22/0.27mm
CRT transmission rate	42~53%
CRT surface treatment	Non-glare, anti-static
Video input type	Analog RGB
Horizontal Scan Freq.	30~70KHz
Vertical Scan Freq.	50~160Hz
Preset Modes	1280 x 1024 (60Hz)
6 preset timings (see right)	1024 x 768 (85Hz)
20 user timings	800 x 600 (85Hz)
	720 x 400 (70Hz)
	640 x 480 (85Hz)
	640 x 480 (60Hz)
User Controls	Brightness, Contrast, H-Center, H-Size, V-Center, V-Size Zoom, Pincushion, Trapezoid Pin-balance, Rotation, Colour temp. User colour, Degauss, H-V-Moiré Reduce Recall, On-Off

Power adapter	100~240VAC 50/60Hz
Power consumption	On <75W Standby/Suspend <15W Off < 5W
Dimensions (WxHxD)	Unpacked 410x411x429mm Packed 520x455x514mm
Weight	Net 16.0 Kgs Gross 19.5.Kgs
Certification	TUV/GS,CE MPRII - VM7VRDA TCO99 (option) - VM7V9DA
VESA DDC compliant	All models
VESA DPMS compliant	All models
Plug&Play	DDC1/2B
